Don't Panic STEM curriculum support

Technology Teacher Professional Development

by Peter and Ruth Thompson

AutoDesk products are now available FREE for schools to use. DontPanic offers training in the use of a number of AutoDesk products. FUSION 360 is seen as the future of Computer Aided Design and Manufacture. (CAD/CAM). 3D printing, laser cutting and CNC machining can all be managed using FUSION 360.

Be guided through 3 projects for a practical application of Fusion 360 to real projects. Develop them as 3D models, rendered images, 2D orthographics to local standards.

Get experienced responses to Q and A and a how would we do that? session.

Discuss assessment practices and the use of Fusion in portfolios as part of the 2020 syllabus.

- ▶ Receive highest level support and training
- ▶ Assistance with installation at school for your IT staff.
- ▶ Learn to 3D print or CNC manufacture or export to 2D programs for post processing and Laser cutting.

Learn from the most experienced school CAD trainers in Australia.

When: 17th August 2019

Where: Abcot Inn Sylvania

Time: Day 1 8:30 to 3:30 pm

Cost: \$350 ex GST

Contact: Ruth@DontPanic.net.au

Don't Panic is endorsed to provide NESA Registered Professional Development for teachers accredited at Proficient Teacher. Completing the Autodesk FUSION360 course will contribute 10 hours of QTC Registered PD addressing 3.3.2, 3.4.2, 6.2.2, 6.4.2 from the Australian Professional Standards for Teachers towards maintaining Proficient Teacher Accreditation in NSW.

Peter and Ruth Thompson have delivered professional development for the **iiate** iTE for over twenty years.
